

# Please Don't Hurt My Mummy

Dear Ambassador,

The rapid economic growth experienced in Viet Nam will provide great opportunities for the current and future generations.

Equally, Africa's unique wildlife is vital to securing economic prosperity for its people.

I ask that the Vietnamese government does all it can to stop the consumption of rhino horn in Viet Nam. The selfish acts of a small number of status driven Vietnamese businessmen and the cruel poaching trade that supplies the rhino horn they desire to 'show off' to their peer group must stop.

The poaching is reaching alarming levels based on Vietnamese demand and it is vital that your government takes action now.
